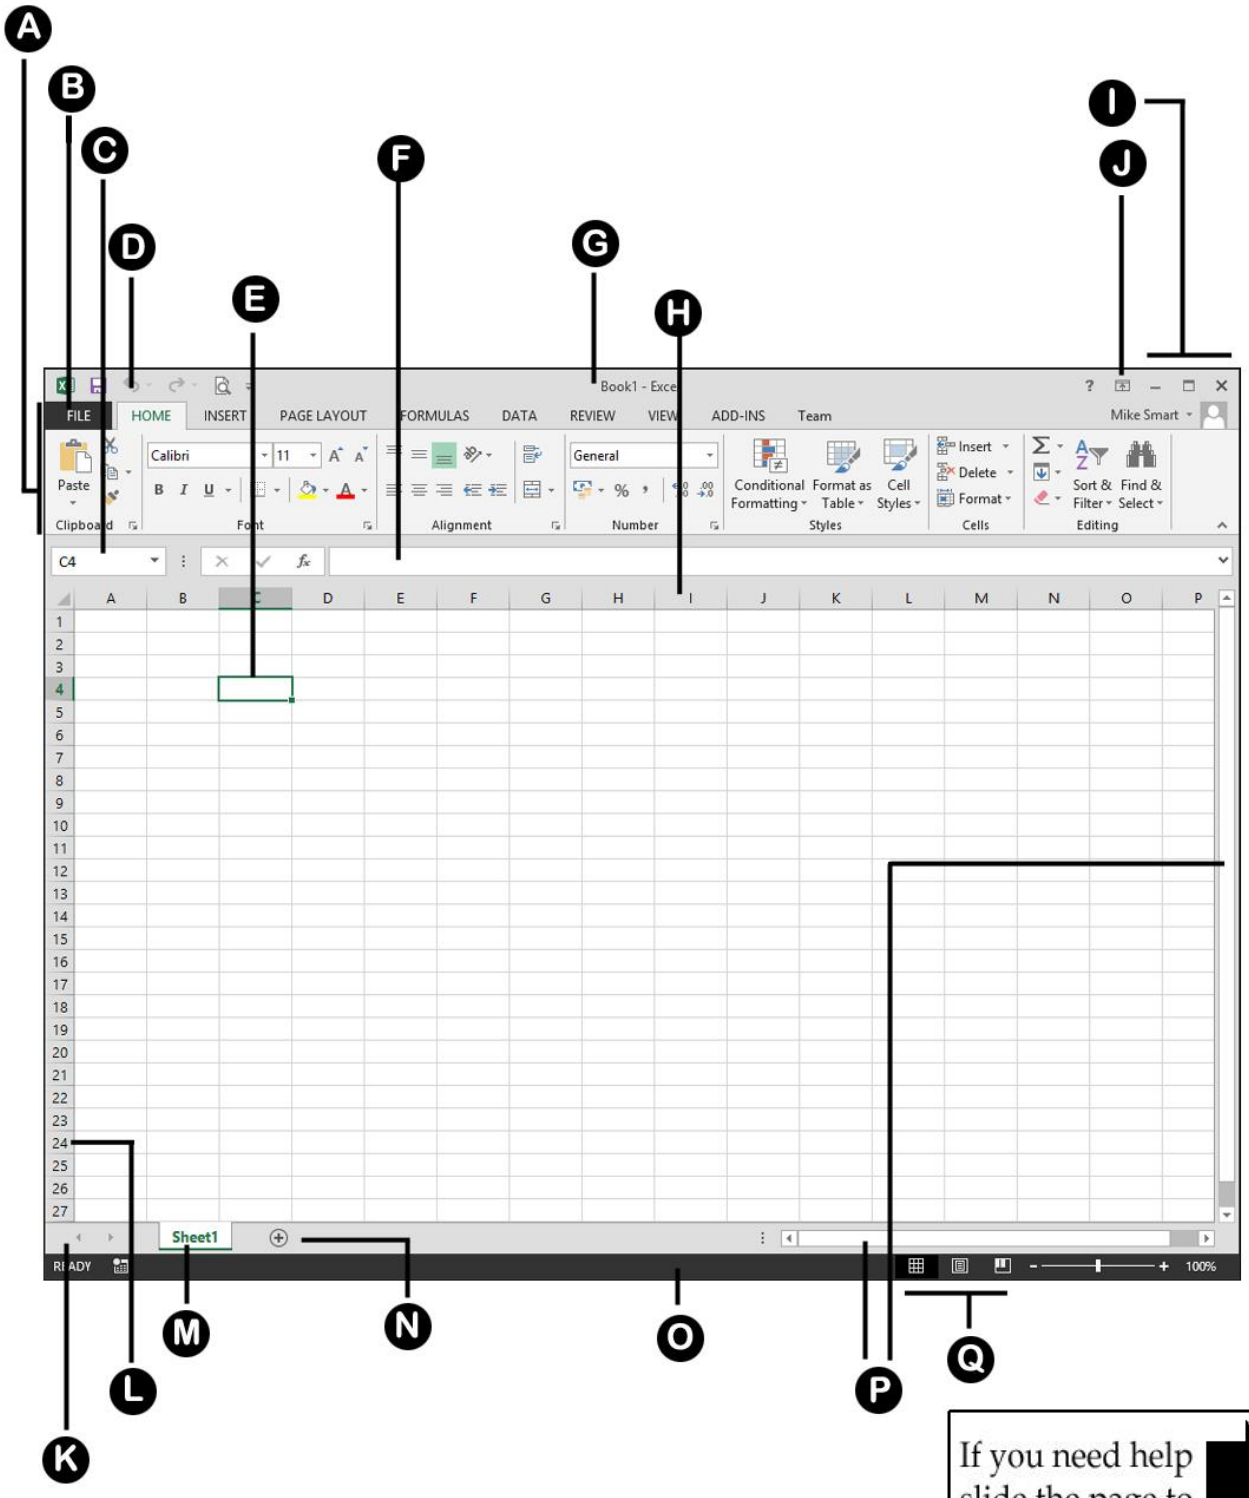
Session 1: Exercise

In this exercise you'll try to remember the name of each of the Excel screen elements. The answers are on the next page so you might want to recap by turning the page for a little revision before you start.

Keep trying until you are able to name each of the screen elements from memory. You'll be seeing this terminology during the remainder of the book, so it's important that you can correctly identify each element.



If you need help slide the page to the left
