- 1 Open *First Quarter Sales and Profit-4* from your sample files folder (if it isn't already open).
- 2 Select all of column A.

Hover the mouse cursor over the letter **A** at the top of the column. The column header lights up and the mouse cursor changes to a black down arrow:

Click to select the entire column. The column becomes slightly shaded and a green line surrounds all of the cells.

3 Click: Home→Font→Bold to bold face the column.

Because the whole column was selected, all of the values become bold faced.
